

**EFFECTIVE DATE: 15 NOVEMBER 2024**

---

## **TNCA-Reopening of aerodrome for Military, Coast Guard, Search and Rescue, Medevac, Hospital and Humanitarian Flights Outside Normal Operational Hours**

---

This AIP Supplement describes the procedures for the reopening of Aerodrome TNCA (Queen Beatrix International Airport) for Authorized Flights, supporting critical operations and humanitarian missions outside of regular operational hours.

### **Effective Date**

This supplement takes effect from 15 November 2024 and will remain valid until further notice.

### **Operational Hours**

The aerodrome will be available for specific, exempted flight operations outside regular hours (1100 – 0300 UTC). Coordination for each operation shall be conducted on a case-by-case basis.

### **Flight Coordination**

All authorized flights shall be pre-coordinated with the Aruba Airport Authority (AAA) as follows:

- Advance notice: A minimum of 1 hour and 30 minutes prior notification is required.
- Contact details for coordination:
  - Apron Management Unit (AMU): (+297) 524 2242
  - Operational Control Center (OCC): (+297) 524 2145

### **Authorized Flights**

The following types of flights are authorized to operate outside normal operational hours:

- Military Flights
- Coast Guard Flights
- Search and Rescue (SAR) Flights
- Medevac and Hospital Flights
- Humanitarian Flights
